### Testimonies from Our Graduates

**My name is Weston.** For years I have struggled with depression & drugs. The last 5 months were really rough. Since I came to The Lighthouse I have a better understanding of the Bible and I feel closer to GOD. For the first time in 20 years, I am not using drugs or Dr. prescribed anti-depressants. I feel good mentally and physically. I feel I have made some good friends that really want me to succeed. Best of all, I have hope. To everyone involved with Lighthouse Ministries, thank you.—*Weston*

**My story starts in Maryland** where I was abandoned when I was 9 months old. I turned 11 in jail and it progressed from there. I started getting high when I was 10 and did not trust no one. *Read more of Mike's story on page 2...*

Changed lives for a lifetime

From the Director

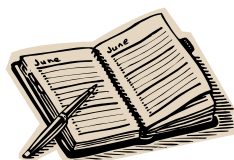

Dear Friends,

Your support to the ministry is essential in getting the gospel out to the world. Whether you give financially, prayerfully, or as a volunteer, it is important. The Lord is guiding us as we stay faithful and commit our ways to Him. I can't tell you how my heart breaks when the phone rings and someone's mother, wife, sister, father, or brother calls us regarding their loved one who is struggling in the cycle of addiction. It is one painful story after another. Please keep us in your prayers.

We will have a graduation on May 8<sup>th</sup> at 7:00pm.

Weston Flannery and Mike Miller.

Testimonies from Our Graduates

(continued from page 1)

On 12 /13/02 I got saved but I did not stop getting high. I could not figure out what was wrong. The Lighthouse showed me we need to work on the root of the problem. Now I am clean and I thank GOD and The Lighthouse for my deliverance. I thank GOD for Tay and Dan Henderson and the heart he gave them for this ministry. I will stay on until GOD tells me it is time to go. —Mike
